Arshad Shaikh

## ABOUT ME

I am a college student who loves learning new things, improving skills, and exploring opportunities that help me grow. I am developing my knowledge in technology and enjoy solving problems with a positive and learning mindset. I believe in teamwork, communication and continuous improvement.

## EDUCATION

R.C Technical Institue | 2024-2027

### Information Technology In Diploma

Currently pursuing a Diploma in Information Technology at R.C. Technical Institute (2024-2027). Gaining knowledge in programming, web development, databases, software engineering, and networking through academic coursework and practical projects.

## PROJECTS

### 1. Personal Portfolio Website

Designed and developed a responsive personal portfolio website to showcase my skills, projects, education, and achievements.

### 2. Theatre Seat Booking System

Developed a theatre seat booking application that allows users to select, reserve, and manage seats efficiently. Implemented real-time seat availability tracking and an intuitive booking interface to enhance the user experience.

### 3. Tic-Tac-Toe Game

Developed a console-based Tic-Tac-Toe game in Java that allows two players to play through the terminal.

### 4. Email Notification Service using Kafka

Built a scalable email notification service using Apache Kafka and Spring Boot. The system automatically sends email notifications for successful user login events through asynchronous message processing, ensuring reliability and high performance.

## SKILLS

- Python
- Java
- HTML
- MYSQL
- GitHub
- Git
- REST API's
- Problem Solving
